PROFESSIONAL SUMMARY

Backend-focused Fullstack Engineer with 5+ years of experience building scalable web, SaaS, and commerce applications using Python, Django, Node.js, TypeScript, React, and PostgreSQL. Experienced in API design, database architecture, third-party integrations, authentication systems, and performance optimization. Passionate about creating technology solutions that help African small businesses streamline operations, manage customers, and grow revenue.

CORE COMPETENCIES

Python • Django • Django REST Framework • Node.js • NestJS • TypeScript • JavaScript • React • REST APIs • PostgreSQL • MySQL • SQLite • MongoDB • JWT Authentication • System Design • Git/GitHub • Docker • Cloud Deployment • CI/CD • E-commerce Systems • CRM Platforms • Inventory Management • Testing & Debugging

PROFESSIONAL EXPERIENCE

Software Developer | Vendorly | 2026 – Present

- Lead backend and frontend development of a commerce platform helping WhatsApp vendors manage products, inventory, customers, and sales.
- Designed scalable REST APIs and database schemas supporting product catalogs, orders, and customer records.
- Integrated payment, notification, and communication services for complete commerce workflows.
- Collaborate with stakeholders to deliver business-focused features and improve seller experience.
- Mentor junior developers through code reviews and technical guidance.

ICT Manager | De Kash Empire | 2026 – Present

- Manage ICT infrastructure and support business-critical systems.
- Reduce operational downtime through proactive maintenance and issue resolution.
- Maintain office devices, software systems, and CCTV infrastructure.

Software Developer | WYNK | 2024 – 2025

- Contributed to scalable financial and web applications.
- Implemented responsive user interfaces and API-integrated features.
- Supported troubleshooting and optimization of production systems.

Web Development Instructor | LOCTECH | 2025

- Trained over 20 students in frontend and backend web development technologies.
- Designed project-based learning programs and practical assessments.

Web Developer | Fidelcom Innovation Limited | 2022 – 2023

- Built a Django-powered architectural services platform.
- Implemented authentication systems, reusable components, and deployment workflows.

KEY PROJECTS

Vendorly Commerce Platform (React, NestJS, PostgreSQL)

Built a commerce management platform for WhatsApp vendors with inventory, customer, order, payment, and notification features.

Conference Management System (React, Django, Tailwind CSS)

Developed conference registration, QR-code check-in, SMS, and email notification capabilities.

Learning Management System (React, Django)

Created a platform for course management, student records, assessments, and downloadable results.

KONS Architectural Platform (Django)

Built a customer-facing platform for architectural project requests and management.

EDUCATION

B.Sc. Computer Science

Abia State University | 2019 – 2024

CERTIFICATIONS

- Web Development Certification – GlobalTech Computer Institute (2019–2020)
- Project Management Professional (PMP) Training – Pinnacle Institute (2024–2026)

TOOLS & TECHNOLOGIES

Languages: Python, JavaScript, TypeScript

Frameworks: Django, Django REST Framework, Node.js, NestJS, React

Databases: PostgreSQL, MySQL, SQLite, MongoDB

Tools: Git, GitHub, Docker, Postman, VS Code, CI/CD Platforms

Cloud: Render, Vercel
